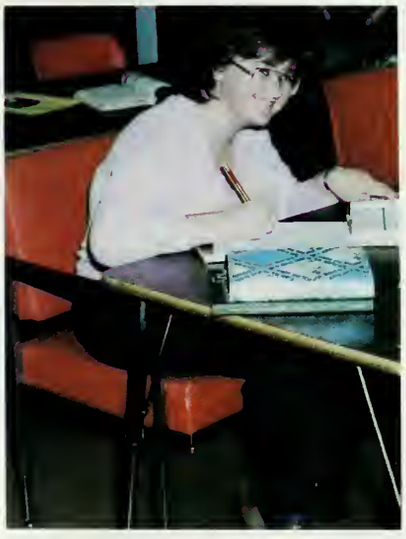
And it's whispered that soan if we all
Call the tune
Then the piper will leod us to reoson.

Who shines white light and wants to show
How everything still turns to gold
And if you listen very hard
The tune will come to you at last
When all are one and one is all
To be a rock and not to roll.

I'm in the middle of nowhere
Neor the end of the line
But there's o border to somewhere woiting
And there's o tonkful of time
Oh give me just onother moment ond you'll see the light
of the doy
And toke me to onother lond where I don't hove to stoy



GUESS WHO'S GONNA

A person's life should not be judged
by his wealth, accomplishments,
or popularity, but by his love for his friends.

Look back at what you accomplished and be proud, because you and only you could have done it.

It seems like just the other day that we were all
crying because we didn't want to go to first grade
But we made it . . .
Now we are crying because we wish we could return back to that
time, and do it all over again and not be faced with our
future,
But like before,
We'll make it . . .

I came upon an old man
I said, "tell me sage what is life?"
he spake so softly and calmly and said to me,
"life is to seek those things which make you most aware,
disregard that which does not allow you to grow,
yet be aware of all."
"life is yours, life is preception."

You'll never find your gold on a sandy beach
You'll never drill for oil on a city street
I know your looking for a ruby in a mountain of rocks
But there ain't no Coupe de Ville hiding at the bottom of a Cracker Jack box.

It's been a long time comin'
It's goin' to be a long time gone.
But you know, the darkest hour,
Is always just before the down
And it appears to be a long time,
Such a long, long time before the dawn.

ASSACHUSETTS

To acieve all that is possible
we must attempt the impossible
To be as much as we can be
we must dream of being more.

One of the greatest secrets ra success is ro find a way
of daing something, rather than a reoson why it con't be done

DO NOT ENTER

EXIT

But there never seems to be enough time
To do the things you want to do
Once you find them . . . .

My dear Graduates,

May I extend my congratulations to you on your graduation from Peabody Veterans Memorial High School. Your superb cooperation during the past three years has made this time most enjoyable.

When you leave Peabody Veterans Memorial High School, you will have left a part of yourselves behind. What becomes paramount, however, are the challenges that lie ahead. They should be pursued with intelligence, with vigor, and with foresight. More importantly, they should be pursued with compassion for those struggling with these problems. Let us aim for success, but beyond that, let us strive for something else, something greater. Let us struggle for an ethic of honesty and courage. This is the way to make things better.

May your lives be rewarding and blessed with health and happiness.

Sincerely,

William A. Welch

VOCATIONAL

DIRECTOR

Dear Graduates:

Congratulations to the class of 1981 and, in particular, to those that also received vocational certificates as well as high school diplomas.

Graduation, according to ***Webster's***, is a step or place in an ordered scale, certainly not an end or finish. There are many paths or roads that you may follow in the next stage of your lives, and only you with your ambitions and goals can determine the road that you will take. I only hope that the training that you have received in the Peabody School System will take some of the potholes or bumps out of the road that you select.

The staff of the vocational school wishes you success and happiness, and hopes that from time to time your thoughts will include us, and that you will call on us if we can help you in in the future, in any way.

Sincerely,

Richard J. White

IN MEMORIAM
BILLY McCARTHY
January 29, 1963 - September 14, 1980

Beyond mourning Billy's passing,
We should celebrate his life
For having had him in our
midst, however briefly.
We also, each of us as
Individuals, and all of us as
A common body, should take
Comfort and pleasure in each other
In celebrating the
Lives of those whom Billy
Leaves behind, to help
Each other live our lives
As fully as Billy sought
To live his.

Billy, You'll be in our hearts forever.

If a man does not keep pace
with his companions, perhaps it is because
he hears a different drummer.
Let him step to the music which he hears,
however measured or far away.

Henry David Thoreau
